

JetBlue Takes Delivery of First Airbus A321LR Aircraft

Long Range Version of A321 Aircraft Set to Operate JetBlue Flights Between New York, Boston and London.

“The delivery of our new A321LR sets the stage for a new era at JetBlue in which we now have an aircraft allowing us to stretch our wings and become a true global carrier offering flights beyond the Americas for the first time ever,” said Robin Hayes, chief executive officer, JetBlue.

JetBlue Celebrates Earth Month!

As part of its annual GreenUp® Environmental Campaign, JetBlue is Encouraging Customers and Crewmembers to Lessen their Individual Impact and Participate in the Great Global Clean Up in Partnership with EARTHDAY.ORG

JetBlue's new Transatlantic Core Experience

JetBlue announced more details of its plan to shake up the transatlantic market, this time unveiling its Core experience for travelers who previously flew in other airlines' "economy" or "coach" offerings. When JetBlue launches flights to London later this year, it will bring a whole new level of service and comfort to customers who want a great experience at a low fare.

JetBlue and AA Announce 40 New Codeshare Routes

JetBlue and American Airlines announced plans for the next phase of their Northeast Alliance – authorized by the U.S. Department of Transportation earlier this year – which is aimed at giving travelers in the northeast new competitive choices. Enabled by the alliance, JetBlue will bring its everyday low fares and award-winning service to more travelers in the northeast by adding seven all-new destinations in New York and Boston, tripling flights at LaGuardia compared to 2019 levels and introducing more than 40 additional codeshare routes.

Seat Assignments

Due to system upgrade, the functionality to assign seats through the GDS has been temporarily suspended. We are working closely with our GDS partners to reinstate this capability.

To select your seat, use your confirmation number and go to the Manage Trips section on JetBlue.com or the mobile app.
