

Our First A321 NEO with the New Mint Takes Off!

JetBlue announced its first Airbus A321neo (new engine option) with Mint has officially entered scheduled service with the first revenue flight from New York's John F. Kennedy International Airport (JFK) to Los Angeles International Airport (LAX). The aircraft is scheduled to operate select flights between New York-JFK and LAX for the next several weeks.

Happy Pride!

Pride Month may only officially last for the month of June, but we're committed to showing our non-stop pride and supporting the LGBTQ+ community all year long. JetBlue has partnered with two major LGBTQ+ charities based in our hometown of New York — The Center — New York's LGBT Community Center and the Stonewall Inn Gives Back Initiative (SIGBI). TrueBlue members can donate their points to assist these and many other charities in their work.

JetBlue Delivers New Customer Benefits Under Northeast Alliance.

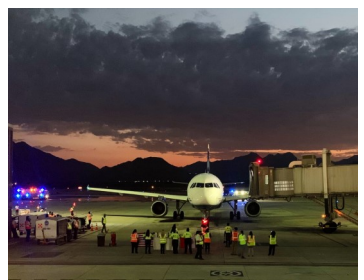

JetBlue and American Airlines announced that JetBlue's TrueBlue loyalty program members are now eligible to earn points on all American Airlines-operated flights. The new accrual agreement covers American flights operating with the JetBlue code within the carriers' Northeast Alliance, as well as on all other American flights operating anywhere in the world. At the same time, American's AAdvantage members can now accrue miles on all JetBlue flights within and beyond the Northeast (a).

New Service to Cabo San Lucas

JetBlue has officially launched service at San José del Cabo's Los Cabos International Airport (SJD). JetBlue's Los Cabos service operates daily from New York, JFK and Los Angeles International Airport.

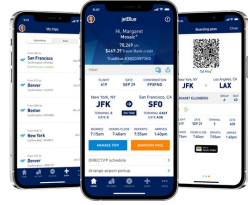

"With demand for travel the strongest it's been in more than a year, our new nonstop flights between the East and West Coasts and Los Cabos are perfectly timed for customers looking for a much-needed escape this summer," said Andrea Lusso, vice president network planning, JetBlue.

Seat Assignments

Due to a system upgrade, the functionality to book seats through the GDS has been temporarily suspended. We are working closely with our GDS partners to reinstate this capability but due to the technical nature, it may take 8-12 weeks.

To request seat assignments, you may access the reservation in the [manage trip](#) section of jetblue.com or the [JetBlue mobile app](#).

We apologize for this inconvenience and will update you as soon as the functionality is restored. Thank you for your ongoing support of JetBlue.
