Getting a handle on JetBlue carry-on baggage.

We would like to remind our trade partners of the JetBlue carry-on policy to ensure our customers have a smooth journey on our flights.

For all bookings on JetBlue Transatlantic flights or any tickets issued including a transatlantic flight, each customer is allowed one carry-on bag and one personal item

(purse, small backpack, briefcase, laptop, etc.).

For all bookings on our Domestic & Latin Caribbean network (ticketed without a transatlantic flight) each customer booked in Blue Basic is allowed one personal item only that fits in the seat in front of them; a carry-on bag is not permitted and cannot be brought on board. JetBlue Ancillary Product Update.

Seat selections including Even More Space and Mint Studio have now been rolled out in both Amadeus and Sabre via EMD. We are working closely with Travelport to reinstate seat functionality. In the meantime, should you be unable to request seat assignments in the GDS, you may access the reservation in the Manage Trips section of jetblue.com. We apologise for the inconvenience and will update you as soon as functionality is restored.

We are also currently working closely with our GDS partners to add pre-paid baggage to our EMD offering. For now, please access the ticketed reservation in Manage Trips on jetblue.com to add checked baggage prior to check in.
