Seat Map Update

We are pleased to confirm that seat assignments are selectable once again in most booking tools including **Concur, GetThere and Deem**. An Electronic Miscellaneous Document (EMD) is no longer required for free seat assignments.

Eye on Ops

Our Operational Action Plan for improved reliability is well underway as we head into our summer season -- an important time for our airline during which we'll operate an average of 935 daily flights. We are investing significantly in the operation through a number of areas including schedule planning, hiring, Crew Services and infrastructure. We're also heavily focused on Technical Operations -- including ramping up our hiring across our bases.
