JetBlue Announces Fourth Quarter 2022 Results

- Net income for the fourth quarter of 2022 under Generally Accepted Accounting Principles (GAAP) of \$24 million or \$0.07 per share. Excluding one-time items, adjusted net income for the fourth quarter of 2022 of \$72 million(1) or \$0.22 per share.
- Fourth quarter of 2022 capacity increased by 2.4% compared to the fourth quarter of 2019.
- Operating revenue of \$2.4 billion for the fourth quarter of 2022, the highest fourth quarter operating revenue in company history.
- Revenue per available seat mile (RASM) increased 16.1% for the fourth quarter of 2022 compared to the fourth quarter of 2019, despite a negative impact from Hurricane Nicole.
- Operating expenses per available seat mile (CASM) for the fourth quarter of 2022 increased 28.4% compared to the fourth quarter of 2019.
- Operating expense per available seat mile, excluding fuel and related taxes, other non-airline operating expenses, and special items (CASM ex-Fuel)(1) for the fourth quarter of 2022 increased 9.9%(1) compared to the fourth quarter of 2019, resulting in industry leading unit cost performance.
- Fuel price in the fourth quarter of 2022 of \$3.70 per gallon, including hedges.

"Thanks to the outstanding efforts of JetBlue's crewmembers, we closed the year with strong fourth quarter performance, driving the highest full-year revenue result in our history, and solid cost execution as we hit our full-year cost target. We believe we're well positioned to further build on that success in 2023, with a disciplined plan to continue strengthening our foundations – both operationally and financially," said Robin Hayes, JetBlue's Chief Executive Officer.

JetBlue Enhances Transatlantic Flight Schedule with All-New Daylight Service from New York to London

JetBlue announced it is further enhancing its flying across the North Atlantic with a new daytime flight option for customers traveling from New York to London. Starting March 25, 2023, New York's Hometown Airline® will introduce a new morning departure from John F. Kennedy International Airport (JFK) to London Heathrow Airport (LHR), giving travelers the all-new option to arrive in the United Kingdom the same day they depart the United States. The new flight is made possible through an additional pair of slots obtained by JetBlue, which further boosts the airline's presence at the U.K.'s busiest airport. Seats for JetBlue's new Heathrow flights are on sale starting today.

JetBlue Announces New Routes – Many Made Possible Through the Northeast Alliance – All Out For Sale

JetBlue announced that a variety of new routes launching this year – many made possible through its Northeast Alliance (NEA) with American Airlines – are out for sale starting today, delivering more competition and new choices to customers in the airline's New York and Boston focus cities. JetBlue is also advancing its focus city strategy on the West Coast with the introduction of an all-new international route in Los Angeles. These routes add more JetBlue flying across all corners of the airline's route map in the Americas.

Now live! Codeshare Check-in Email

Customers who purchase an American Airlines codeshare flight – that is operated by JetBlue – will now receive a pre-flight email 24 hours prior to departure to assist with check-in. The email will also be sent to customers traveling on a codeshare partner itinerary operated by JetBlue.

The email will:

- Notify the traveler that it's time to check-in on JetBlue (and not the partner airline)
- Provide a link to check-in on JetBlue.com
- Generally welcome them aboard JetBlue!

We are pleased to continue to deliver improvements to provide a seamless experience with our codeshare partners.

More places. More points.

We've teamed up with American Airlines to give you access to a larger global network—including 3 continents and 47 international destinations—all while earning TrueBlue points.
