## Food on-board in Core

Farm-to-table fresh meals served from Dig. All items chilled.

- While this aircraft is not configured with an oven for Core seating, JetBlue worked with NYC-based culinary partner DIG to design an innovative and high-quality menu that more closely aligns with the beloved culinary experience on JetBlue's A321 Long Range transatlantic routes.
- Upon launch, options for core customers will include inventive, fresh ingredient dishes such as crepes with smoked turkey, brie and caramelized onion jam; herb and cheese frittata; pesto pasta salad with grilled chicken; and sesame noodles with ginger garlic tofu, carrots and daikon.
